**EXECUTIVE SUMMARY:**

- 1) **Bay Area Affordable Housing Pipeline and estimated costs:** ABAG Housing Committee and the Bay Area Housing Finance Authority were briefed on the Bay Area Affordable Housing Pipeline database that inventories affordable housing across the region in various stages of predevelopment.
- 2) **Clean up legislation for AB 1487:** Assemblymember Buffy Wicks, chair of the Assembly Housing and Community Development Committee, has agreed to author the bill to make changes to AB 1487 that will clean up specific provisions of the legislation that created BAHFA.

**BAY AREA AFFORDABLE HOUSING PIPELINE:** ABAG Housing Committee and the Bay Area Housing Finance Authority (BAHFA) were briefed on the “Pipeline” database that inventories affordable housing across the region in various stages of predevelopment. There are a total of 44,924 units in the SF Bay Area in the predevelopment stage which ranges from early-stage planning, to entitlements, to permitting, to securing all necessary financing.

*\*All unit data is an underestimate since some developments did not have unit count information available and the units in those developments are therefore not represented in the total unit counts.*

Of the 44,924 units in predevelopment, 32,944 units are considered affordable. As shown in the adjacent chart, the RHNA goals for the 2023-2031 cycle are significantly higher.

Since affordable housing developments generally requires multiple funding sources to fully finance the projects, subsidy or soft debt gap funding is especially critical for developments to move forward. The

<sup>1</sup> Marin County Council of Mayors and Councilmembers (MCCMC)

anticipated remaining need for subsidy as well as state and federal tax credits and bonds over the next several years is estimated at \$33.2 billion. There will be more discussion on a possible bond measure for 2024 after staff conducts additional outreach and education on a possible \$10-\$20 billion regional bond measure for 2024.

**AB 1487 CLEAN-UP LEGISLATION:** BAHFA is pursuing clean up legislation on AB 1487 that passed in November 2019 (see ABAG report January 2020) to create regional solutions to address the Bay Area’s affordable housing need. This bill set forth the “3P” framework, in which BAHFA has regional revenue-generating authority that will enable it to work collaboratively with all Bay Area jurisdictions and produce more housing; preserve affordable housing; and protect vulnerable residents from displacement.

The proposed changes include: 1) Conform BAHFA’s enabling statute to the California Constitution as it may be amended in a potential 2024 state ballot measure to lower the voter approval threshold for local and regional housing bonds; 2) Clarify BAHFA’s authority to buy land and buildings and ability to structure joint power authorities (JPAs); 3) Clarify that BAHFA’s lending authority includes the ability to issue bonds backed by rent and mortgage payments; 4) expand eligible expenditures to include emergency financial assistance, supportive services, and housing problem-solving. 5) For administrative actions that don’t impact the environment – e.g., creating a funding program or issuing a notice of funding availability (NOFA) – give BAHFA the same blanket California Environmental Quality Act (CEQA) exemption that applies to the state Department of Housing and Community Development; and, 6) others. Assemblymember Buffy Wicks, chair of the Assembly Housing and Community Development Committee, has agreed to author the bill.

## **MCCMC Legislative Committee Report to MCCMC. February 2023**

Submitted by Alice Fredericks. Chair, MCCMC Legislative Committee

### **Advocacy by MCCMC Legislative Committee**

The scope of advocacy for the MCCMC Legislative Committee is bills and measures that affect local government ability to provide services. If there is interest by a committee member to take a position on a matter of legislation beyond the scope of advocacy, MCCMC's Legislative Committee takes a vote on bringing the matter to the MCCMC at a scheduled meeting. Either the bill advocate or the Legislative Committee chair presents the item to MCCMC

February 27, 2023 will be the first meeting of MCCMC Legislative Committee since Jan 20<sup>th</sup>, 2023, the last day to submit bills for the 2023 California State Legislative session/This report highlights some of the proposed agenda items for the February meeting of MCCMC meeting.

### **BALLOT MEASURES:**

#### **Bonds for Housing Funding on ballot 2024.**

At the January meeting of the Association of Bay Area Governments (ABAG), the Bay Area Housing Finance Authority (BAHFA) updated the plans for an initiative on the 2024 ballot to create a ballot measure proposing go bonds to create funding for specified housing projects. BAHFA, the first regional housing finance authority in California, works with the Metropolitan Transportation Commission (MTC) and the Association of Bay Area Governments (ABAG).

#### **Taxpayer Protection and Government Accountability Act**

The measure qualified for the November 2024 ballot. The proposed measure limits the ability of voters and state and local governments to raise revenues for government services. The measure will decimate vital local and state services. **Cal Cities requests cities adopt a city resolution** to clarify the harm this measure brings to local communities and the people of California. Proposed text is here: [CalCities Text for Proposed Resolutions and Letters of Opposition](#)

### **BILLS:**

#### **AB96 Local public transit agencies:autonomous transit vehicle technology.**

This bill would require a public transit employer to provide written notice to the exclusive employee representative of the workforce affected by **autonomous transit vehicle technology** of its determination to begin, or its substantive progress toward initiating, any procurement process or a plan to acquire or deploy any autonomous transit vehicle technology for public transit services that would eliminate job functions or jobs of the workforce to which the autonomous transit vehicle technology applies not less than 12 months before commencing the process, plan, or deployment. The bill would require a public transit employer, upon a written request of the exclusive employee representative, to provide specified information to **the exclusive employee representative, including the potential gaps in skills** that may result from the new service. The bill would require the public transit employer, following the written request for information by the exclusive employee representative, and within 30 days of receiving the specified information, to commence collective bargaining on specified subjects, including creating plans to train and prepare the affected workforce to fill new positions created by the autonomous transit vehicle technology. *Cal*

## **TRANSPORTATION AUTHORITY OF MARIN (TAM)**

### **Report to MCMCC Feb 2023**

Submitted by Alice Fredericks, Vice Mayor Town of Tiburon

#### **HIGHWAY 37**

The first Planning and Environmental study report for Highway 37 has been posted and is available: [https://dot.ca.gov/-/media/dot-media/district-4/documents/37-corridor-projects/sr-37\\_swg\\_11\\_16\\_20\\_pdf\\_notes-2020-12-16.pdf](https://dot.ca.gov/-/media/dot-media/district-4/documents/37-corridor-projects/sr-37_swg_11_16_20_pdf_notes-2020-12-16.pdf)

#### **TAM Legislative Program**

TAM Commission approved the legislative program at their meeting on Jan 26. Proposed lobbying efforts include support for legislation that provides funding for an operation and maintenance facility for Marin Transit (thanks to Brian Colbert, TAM Commissioner who asked that the priority be explicitly included) as well as funding for SMART and the Golden Gate Bridge Highway and Transit District projects.

#### **Overview of TAM Active and Planning Projects**

The semiannual status report on active and planning projects was presented at a meeting of Administration Projects and Planning Executive Committee Feb 13: Link to update is here: <https://www.tam.ca.gov/wp-content/uploads/2023/02/6-Semi-Annual-Project-Status-Report-Feb-2023-1.pdf>

#### **Marin City Flooding Mitigation Projects Funding**

The Commission approved a resolution authorizing the ED to negotiate and enter into an agreement with Caltrans and Marin county to address the proposed projects to mitigate the flooding in the Marin City Area, including temporary and permanent pumping, expansion of the storm drain from Donahue to Marin City Pond, floodwalls, and a secondary culvert across Hiway 101. With a funding agreement in place with the California Department of Transportation and Caltrans to address Marin City flooding mitigation projects, confirmation of funding from FEMA is expected by Spring 2023

#### **Marin Projects to be Funded in RM3**

RM3 litigation that held funds in escrow was resolved by the California Supreme Court releasing a potential \$4.45billion to fund major congestion relief and transportation projects. RM3 was passed by Bay Area voters in June 2018 and authorized incremental increases to Bay Area bridge tolls to fund significant transportation improvements and congestion relief projects help. Marin-related projects and programs in RM3 funding programs include the following:

- Marin-Sonoma Narrows – \$120M
- US 101 to I-580 Multimodal and Local Access Improvement Project – \$135M (\$210M for overall Richmond-San Rafael Bridge approaches)
- State Route 37 Improvements – \$100M
- Downtown San Rafael Bettini Transit Center Relocation – \$30M
- SMART Windsor & Healdsburg Extension – \$40M
- North Bay Transit Access – \$100M
- SF Bay Trail/Safe Routes to Transit – \$150M

**Maximizing Use of TAM Funds**

To address constraints on construction ready requirements of funding from the Local Partnership Program(LPP), TAM Commission deprogrammed LPP funds(switched out of the existing funding plan) from the Bellam Blvd Off Ramp Project. The deprogrammed funds will be backfilled to the Bellam Off Ramp Project by San Rafael Measure A funds. Measure A funds do not pose similar constraints with respect to construction readiness. It is anticipated that the Bellam Blvd Off Ramp project will qualify for a later cycle of LPP funding. TAM Commission reprogrammed LPP funds Project to the Corte Madera Tamalpais Overcrossing.

The LPP program was create by SB1. TAM is a qualified recipient of LPP funds based on voter Approved Measure A/AA Transportation Sales Tax and Measure B Vehicle Registration which provide required matching local funds.

**2. Public Comment:**

Public Comment was received from:

1. District Attorney Lori Frugoli – Spoke about hate crime legislation which she had proposed to the State District Attorneys Association, and that was picked up by Senator Umberg. It would allow police officers to obtain search warrants in misdemeanor cases of hate crimes investigations, where currently it is only allowed in felony cases, with limited exceptions. Information on the legislation can be viewed here <http://www.mccmc.org/wp-content/uploads/SB64-Hate-Crimes-Search-Warrant.pdf>.
2. Supervisor Dennis Rodoni – Spoke about the County's model Reusable Foodware Ordinance that the County adopted in May, 2022 and which goes into effect on November 10, 2023. The offer to cities and towns in Marin is that the Environmental Services Division will provide enforcement as part of their food inspection process for cities/towns that adopt the model ordinance without any changes. The onboarding fee would be waived if adopted prior to May 10, 2023. More information is available here:

11 construction project on E. Blithedale and concern for the safety flaggers who are working on the

13 that no steps were taken to consider the possible undergrounding of the powerlines adjacent to  
14 this heavily trafficked street  
15
