This bill would prohibit a city or county from making changes that are applicable to residential units to the above-described building standards unless a certain condition is met, including that the commission deems those changes or modifications necessary as emergency standards to protect health and safety. By requiring a city or county to take certain actions relating to building standards, this bill would impose a state-mandated local program.

Cal Cities Position: TBD MCCMC Position: TBD

2. AB 6 (Ward): Residential developments: building standards

https://leginfo.legislature.ca.gov/faces/billTextClient.xhtml?bill_id=202520260AB6

The bill would require the department, no later than December 31, 2027, to provide a one-time report of its findings to the Legislature in the annual report described above.

6. AB 650 (Papan): Discontinuance of parks

https://leginfo.legislature.ca.gov/faces/billTextClient.xhtml?bill_id=202520260AB650

This bill is currently a spot bill, but will be amended significantly to address the housing element review process by encouraging local jurisdictions to begin planning earlier and providing greater clarity and certainty to a difficult and complex process. The measure would allow local jurisdictions to begin the housing element update six months earlier than what is required under existing law; support good faith actors that are working through the housing element review process; and require HCD to provide written communication that identifies specific deficiencies in the draft and text or analysis that HCD believes needs to be included to comply with the law.
